

# Sixth Form vs College – Ten good reasons not to give your TPAT Sixth Form place to somebody else

### **Feeling Happy**

The Park Academies Trust
Sixth Form is a friendly,
familiar environment where
you will be surrounded by
teachers and students that
you know.

### **Feeling Supported**

The Park Academies Trust
Sixth Form consists of 200
students and follows a
structured school day. So,
there is always someone on
hand to help when you need
it.

### **More Feedback**

With smaller class sizes teachers can give you the feedback you need to improve. More feedback, more often and in more detail.

# **Not Feeling Lost**

Colleges can feel large compared to sixth forms. With a large number of classes, even people you know from school are unlikely to be in the same class.

### **A Better Start**

Our sixth form induction programme enables students to meet staff and experience lessons in their chosen subjects. We'll ensure that you start on the right courses. No false starts.

# **More Teaching**

The Park Academies Trust
Sixth Form provides five
hours teaching in each A
level subject per week — it
all adds up. In most subjects
there are around ten
students in a class so you'll
get more individual tuition.

# **A Better Day**

Sixth form lessons follow the pattern of the LPA school day. So, classes will be finished by 3pm.

# **Working Efficiently**

When you're not in lessons, sixth form students have supervised study time giving our students the support to do better.

### **Outstanding Destinations**

Statistics show that your chances of going to university are **doubled** by attending our sixth form (compared to the National and Swindon average).

### **Better Chances**

The latest DfE figures show we are the **top performing sixth form centre for student attainment and progress in both Swindon and Cirencester**. The Park Academies Trust has a tradition of providing high quality teaching, making APS and LPA high achieving schools for both GCSE results and the rapid progress our students make between years 7 and 11. The quality of our teaching plus your commitment can take you to the next level.
